466 VLSI Design	3	Specialization	5		

Approved by the Academic Advisor: \_\_\_\_\_  
Date Name Signature

Approved by the Student Records Office: \_\_\_\_\_ (submit only AFTER collecting all other signatures)  
Date Name Signature

- Module.** You are required to earn at least 20 ECTS to complete the Study Abroad Module, which are major related courses preferably on advanced level. Courses must vary in content from those already taken or to be taken at Jacobs University. Courses with significantly overlapping content cannot be counted twice. Courses taken abroad cannot be counted towards Core, Choice or Skills Modules. Please consult Handbook for Outgoing Students for further information.
- ECTS Credits.** Please convert the credits awarded by your host university to the ECTS credit scheme. If you have questions about the conversion system for your host university, please contact the Student Records Office.
